Re: Pandemic Protocol Update

TCA Families,

Your TCA Health and Safety Task Force continues to discuss and plan for changing protocols related to COVID-19 in our nation, state, and community. Our efforts remain focused on determining the best practices for TCA to implement as we approach the final quarter of this school year.

Your cooperation throughout this pandemic and support of TCA policies is very much appreciated.

Here are the latest updates:

- Temperature checks will **end** March 26th.
- Mask wearing **will continue to be enforced** as students move through the hallway or gather in large groups beyond the regular classroom (assemblies, chapel, etc.).
- Attendance at events in the auditorium and gym will be limited. Live streaming will continue.
- Attendance at outside events will be encouraged with social distancing advised.
- If your child is not feeling well, please keep them home and notify the school.

Again, thank you for your understanding and support!
