

1st-5th Grade Summer Reading and Math Program

Dear TCA Students and Parents,

Is your child complaining he or she is bored with nothing to do? Is it too hot outside, are there only reruns on television or are the mosquitoes biting too much?

Well, we have some answers for you! TCA is offering a Summer Reading & Math incentive program.

Attached you will find your child's summer reading log and math packet composed by the TCA faculty.

The teachers at TCA invite you to join TCA's Summer Reading & Math Program!

The attached list offers **suggestions** of books and authors your child could choose to read this summer. Parents may read books to younger-grade children. You may **substitute** any non-fiction or fiction book on the list for another book on your child's reading level. You may also read any book by the same author marked with the word "series".

The attached math packet allows your child a chance to review the skills they learned this year and to keep their brains sharp for the 2023-2024 school year!

TCA Summer Reading & Math Program Prize:

Students who complete the Summer Reading Log and the entire Math Packet will earn 2 homework passes and a Popsicle/Picnic Party with Mrs. Sara during the second week of school!

THE READING LOG & MATH PACKET MUST BE SUBMITTED TO YOUR CHILD'S HOMEROOM TEACHER ON THE FIRST DAY OF SCHOOL. NO EXCEPTIONS WILL BE MADE!

**Summer Reading / Math Packets
for Students Entering
3rd Grade**

3rd Grade School Supply List
