Define the terms listed above using Merriam-Webster.com. Make sure you include the part of speech. As a reminder, completing this worksheet and reading your novel is your summer reading assignment. When you return to school, you will have a test on your summer reading and the vocabulary terms. The test will have matching, short-answer, and multiple-choice questions. You will have a second test that is in essay format.

Thematic response: The Reaping begins as a response to a rebellion. The Capitol institutes the Reaping as a punishment from a sense of justice and revenge. What message does Collins create in this novel's Quarter Quell regarding justice and revenge gone wrong? Additionally, the concept of young people killing each other in an act of survival is seen as too violent and sinful. In consideration of both points, how can the novels of the Hunger Games become a positive message for teens, especially Christian teens?
